To: Retirement Liaison Officers

From: Walter Zeron, Director of Communications

Date: December 10, 2019

Re: NVPERS Launches Newly Designed Website

In an ongoing effort to improve communications with retirees and Nevada's thousands of public employees and their employers, the Public Employees' Retirement System has launched a newly designed website. Clicking on the address at <https://www.nvpers.org> will take visitors to an attractive and easy to navigate website that has simplified access to all kinds of information helpful to system participants and stakeholders. Important updates and upcoming events are featured on the main page, including check dates for retirees for 2019 and 2020. Educational program meeting dates for active members planning for retirement are also prominently featured. From the main page, members can click on a variety of links enabling them access to various areas of the website including information for active members, benefit recipients, employers and vendors. Information about PERS, the Board, its meetings and agendas can also be accessed through the NVPERS tab.
